

NEWSLETTER #136 February 2025 See [ABOUT](#) WIKISTIM

WIKISTIM Now Has 1,898 Subscribers

Thank you for telling your colleagues about our free resource.

Please Click the Link Below to Donate

If you depend on this newsletter to keep you up-to-date with neurostimulation literature, please ask yourself how much it would cost for you to hire someone to present you with these lists of new citations every month and to maintain them in a searchable, sortable online database that now surpasses 15,000 citations. And then, please donate appropriately.

A large blue rectangular button with the text "Donate Now" in white, bold, sans-serif font.

Citations Added From Search on February 9, 2025

Whenever possible, we provide free full-text links. In most cases, we link directly to a PDF. In a few cases, Our Free Full Text link points instead to a link leading to the PDF because clicking the PDF link causes an immediate download. We also do this in cases where the URL has a “watermark” or is ridiculously long.

We remind our readers that it might be necessary to click “View Entire Message” in our email to see all of the citation lists in this newsletter.

We only list correction citations if the error was substantial. For small changes, such as a missing initial in an author's name, we simply update the WIKISTIM database

Deep Brain Stimulation (now 8815 citations)

1. Bahadori AR, Javadnia P, Davari A, Shafiee S, Ranji S, Sheikhvatan M, Tafakhori A. Effect of deep brain stimulation on the severity of seizures and the quality of life in patients with multifocal drug-resistant epilepsy in Iran: a pilot review of local experience. *Epilepsy Behav Rep* 2025 29:100742 [PubMed Free Full Text](#)

THANK YOU TO OUR SUPPORTERS!

A full list of financial donors over time is available [here](#).

Industry support in 2024:

BIOTRONIK NRO (matching)
Boston Scientific
Enterra Medical

Individual supporters in 2024:

Allen Burton, MD

David Cedeno, PhD and Pilar Mejia, PhD
Richard B. North, MD
Mohammed Omar
Konstantin Slavin, MD, PhD
Sean Slee, PhD

Nonprofit support in 2025:

The Neuromodulation Foundation, Inc. (WIKISTIM's parent organization)
